Dear Governor Brian A Schweitzer;

I am writing about the Sedition  
project in Montana from 1918-1919.

My name is Rhyllis Rolf, I am the  
Granddaughter of Fred Radwald.

Although I did not know about this  
mr work called me in Feb of 2004.

I was just shocked. It took me a while  
to believe him. It just came out of  
the blue. But now that I have had  
time to think about it, I feel those  
people that did this to my Grandfather  
and the other 77 people Robbed us of our  
History.

Could have been  
different. I love my Grandfather  
and this should never have happen.  
Where was our True speak.

I want this pardon of all of these  
people so all the family can be at  
Peace.

I want to be able to come back to Minnesota and go to Grandpa's grave and tell him free and He no longer has to feel ashamed. He was a good man. I am almost sure this was talked about in the family. Also don't know how many of his children knew about I think ~~quite~~ maybe the oldest 5. When he went to prison he left behind 8 children and a wife to fetch for them selves. I know my mother was only 4 yrs old when all this happened. Anyway none of this was fair to any of the family. Please for all our sakes make this right + pardon all 78. you'll make alot of family very happy. Will be seen you in April for the ceremonies I hope

thank you

Dnyllis Raf
