Dear Governor Schweitzer,

. I am writing in regard to the petitions of the Montana Sedition Project that I understand are to be submitted soon to urge you to pardon this woman and these men . I am the granddaughter of one of the men convicted of sedition in Montana in 1918, Fay Ramsey. My sister-in-law, Sharon Keyes of Hysham MT, wrote a letter to you already, giving the history of the family during this time. I know it has always bothered my mother who is 90 years old, I have two aunts and a uncle that it would mean so much to also . The four of them have certainly suffered enough because of this injustice. I know you have many important decisions to make and I would like to thank you for considering this pardon.

Sincerely,

Sharon Timar
